

# RESEARCH PARTICIPANTS NEEDED

**Are you recovering from a concussion?**

**Interested in trying a new mobile app to help with recovery?**

## Research Purpose

To evaluate the potential benefits and ease of use of a self-guided, digital rehabilitation platform for helping individuals recover from a concussion.

## What Do I Have To Do?

- Use Rhea's Active Recovery program for up to 4 weeks.
- Complete questionnaires and recommended exercises.
- Estimated 3-5 hour time commitment over 28 day period.

## Benefits & Compensation

- Personalized concussion rehabilitation plan.
- Participants will receive \$50 upon study completion.
- Receive a Whoop 4.0 band (heart rate monitor).
- 1-year access to Rhea Health.

Enrol in the study:
